Albany Graphite | Naturally Pure®

A special meeting of the shareholders of Zenyatta Ventures Ltd. will be held at the Toronto Board of Trade, 77 Adelaide Street West, Toronto, Ontario M5X 1C1 on May 11, 2018 at 9 a.m. pursuant to a requisition of a meeting of shareholders by certain dissident shareholders. **ZENYATTA RECOMMENDS THAT YOU VOTE AGAINST THE DISSIDENTS' PLAN TO TAKE CONTROL OF ZENYATTA BY REPLACING THE MAJORITY OF THE BOARD WITH THEIR OWN NOMINEES. PLEASE VOTE USING ONLY THE GREEN-COLOURED PROXY.**

THE BOARD OF DIRECTORS STRONGLY URGES SHAREHOLDERS TO VOTE AGAINST THE DISSIDENT PROPOSAL

The board of directors of Zenyatta presently consists of six individuals, each of whom contributes extensive specialized experience to the Corporation and has a track record of success with the Corporation.

Presently, Zenyatta is at a critical stage that will require funding, organizational support and increased capacity in order to generate long term, sustainable growth. The Board and management have been active in exploring strategies that make the most sense for Zenyatta. The current management team is focused on building a strong and healthy company that's well-positioned to lead in the global nanomaterial space.

The current board has a strategic vision for the future of Zenyatta

Zenyatta is focused on advancing the 100% owned Albany graphite deposit towards production and supplying consistent, high-quality graphite or graphene to its wholly owned subsidiary ZEN-tech Materials Limited ("ZEN-tech") in a vertically integrated structure. The formation of ZEN-tech is a strategic move that seeks to provide a downstream vehicle to market, capture value and advance graphene application development separate from the mineral development Company.

The Albany graphite deposit is situated in northeastern Ontario, Canada. The deposit is a large and unique type of igneous-hosted, fluid-derived mineralization containing highly crystalline graphite in two adjacent breccia pipes. Independent labs in Japan, UK, Israel, USA and Canada have demonstrated that Zenyatta's rare form of graphite easily converts (exfoliates) to graphene using a variety of simple mechanical methods. The deposit is located 30 km north of the Trans-Canada Highway, power line and natural gas pipeline near the communities of Constance Lake First Nation and Hearst. A rail line is located 50 km away with an all-weather road approximately 10 km from the deposit.

Removal of current directors would represent considerable loss of value

The requisitioning shareholders are asking Zenyatta shareholders to vote to remove four current directors (Keith Morrison, Aubrey Eveleigh, Barry Allan and Sean Whiteford) and to replace them with three nominees of the requisitioning shareholders (Francis Dubé, Eric Wallman and Brian Bosse). Replacing the existing directors would represent the loss of over 100 years of experience in the natural resources and business analyst industries and it would represent considerable risk to the development of the Corporation.

YOUR BOARD STRONGLY RECOMMENDS THAT YOU VOTE AGAINST THE DISSIDENTS' PLAN TO TAKE CONTROL OF ZENYATTA BY REPLACING THE MAJORITY OF THE BOARD WITH THEIR OWN NOMINEES. PLEASE VOTE ONLY YOUR GREEN-COLOURED PROXY:

AGAINST the removal of four of the current Directors of Zenyatta at the Meeting

WITHHOLD the election of the dissidents' three director nominees at the Meeting

The dissidents' nominees are less qualified to operate Zenyatta

The dissidents' three director nominees have no apparent experience operating a natural resources company like Zenyatta. Shareholders should ask themselves the following about the nominees:

- Do they have sufficient professional experience, if any, in natural resources industries?
- Do they have the experience of running a public company?
- Do they have hands-on experience with securing regulatory and environmental approvals?

The dissidents have articulated NO PLAN for building shareholder value or developing the Corporation and have no history operating a public mining company

Presently, no strategy to generate shareholder value has been offered by the dissident faction, who hold little over 5% of the issued and outstanding common shares of Zenyatta. On the other hand, the current Board and management have considerable experience leading the Corporation and have articulated their vision for developing the Albany graphite deposit, a source of rare ultra high-purity graphite suitable for processing into graphene. While under the direction of the current management team, Zenyatta was awarded the Top Performing Company on the TSX Venture in the Mining Industry Sector for 2013 and 2012.

FREQUENTLY ASKED QUESTIONS ABOUT THE MEETING

Q. What am I being asked to vote on?

A. A special meeting of Zenyatta shareholders of record as of April 5, 2018 has been scheduled for May 11, 2018 in Toronto to consider items requisitioned by a group of dissident shareholders seeking control of Zenyatta’s Board of Directors. These items include the removal of four of Zenyatta’s current directors and the election of three new Directors proposed by the dissident shareholders. The group of dissident shareholders is effectively asking for outright control of Zenyatta without presenting a clear strategy for building shareholder value. Removal of four of Zenyatta’s current Directors would represent a significant loss of experience and expertise for the Corporation.

Q. What does Zenyatta’s Board recommend?

A. Zenyatta’s Board recommends that shareholders use ONLY the GREEN-COLOURED proxy to vote as follows:

⊗ AGAINST – The removal of four of the current Directors of Zenyatta at the Meeting

⊗ WITHHOLD – The election of the dissidents’ three director nominees at the Meeting

Q. How can shareholders prevent the dissidents from taking control of Zenyatta?

⊗ WITHHOLD – The election of the dissidents’ three director nominees at the Meeting

Q. Can I attend and vote at the meeting?

Shareholders who are not registered shareholders should refer to the section entitled “*Notice to Beneficial Holders of Common Shares*” in the Information Circular.

Q. When and where is the Meeting?

Q. How many Shares are entitled to vote?

A. As of the record date, April 5, 2018, there were 63,597,361 common shares outstanding and entitled to be voted at the Meeting. Every shareholder of common shares is entitled to one vote for each common share owned.

Q. What is the cut-off time for delivery of proxies?

- A. Proxies must be delivered to Capital Transfer Agency Inc. not less than 48 hours (excluding Saturday, Sundays and holidays) before the time of the Meeting or any adjournment thereof. In this case, assuming no adjournment, the proxy cut-off time is 9:00 a.m. (Toronto time) on May 9, 2018. Late instruments of proxy may be accepted or rejected by the Chairman of the Meeting in his discretion, but the Chairman is under no obligation to accept or reject any particular, late instruments of proxy.

Q. Can I revoke my vote after I submitted a previously signed proxy?

- A. A Shareholder who has submitted a form of proxy may revoke it at any time prior to the exercise of the proxy. If a person who has given a proxy attends the Meeting personally at which that proxy is to be voted, that person may revoke the proxy and vote in person. In addition to the revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or his attorney or authorized agent and deposited with Capital Transfer Agency Inc. at any time up to 9:00 a.m. (Toronto time) on May 9, 2018: (i) by mail or by hand delivery to 390 Bay Street, Suite 920, Toronto, ON M5H 2Y2; or, (ii) by facsimile to 416.350.5008, or deposited with the Secretary of the Corporation before the commencement of the Meeting, or any adjournment thereof, and upon either of those deposits, the proxy will be revoked.

Q. How do I vote?

- A. Please use the GREEN-COLOURED proxy that will accompany this Management Information Circular. Depending on how you hold your Common Shares, you will most likely receive a proxy from the Corporation's transfer agent Capital Transfer Agency Inc. or Broadridge Financial Services. Please refer to the Information Circular for greater detail on voting instructions. You may receive a proxy from the dissident group. Please do not vote using this form. MANAGEMENT INFORMATION CIRCULAR

GENERAL INFORMATION RESPECTING THE MEETING

Solicitation of Proxies

This management information circular (“**Circular**” or “**Information Circular**”) is furnished in connection with the solicitation of green-coloured proxies by the management of Zenyatta Ventures Ltd. (the “**Corporation**”) for use at the special meeting (the “**Meeting**”) of the holders (the “**Shareholders**”) of common shares (“**Common Shares**”) of the Corporation to be held at the Toronto Board of Trade, 77 Adelaide Street West, Toronto, Ontario M5X 1C1 on May 11, 2018 at 9 a.m. (Toronto time) for the purposes set forth in the accompanying notice of special meeting of Shareholders (the “**Notice of Meeting**”). It is expected that the solicitation of proxies will be primarily by mail, however, proxies may also be solicited by the officers, directors and employees of the Corporation by telephone, electronic mail, telecopier or personally. These persons will receive no compensation for such solicitation other than their regular fees or salaries. The cost of the solicitation of proxies will be borne by the Corporation.

Pursuant to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy-related materials to the beneficial owners of the Common Shares. The Corporation will reimburse brokers, custodians, nominees and fiduciaries for their reasonable charges and expenses incurred in forwarding proxy-related materials to such beneficial owners of such securities.

References in this Circular to the Meeting include any adjournment(s) or postponement(s) thereof.

In this Circular, unless otherwise indicated, all dollar amounts “\$” are expressed in Canadian dollars.

Except where otherwise indicated, the information contained in this Circular is as of April 4, 2018.

The Board of Directors of the Corporation recommends that the Shareholders vote AGAINST the Director Removal Resolution and WITHHOLD from voting on all of the individuals named in the Dissident Nominees Election, using ONLY THE GREEN-COLOURED PROXY.

Disregard any other proxy you may receive and vote only the green-coloured proxy.

BACKGROUND TO THE MEETING

The Meeting has been called in response to a requisition notice delivered on March 2, 2018 by a small faction of shareholders. The purpose of the Meeting is to consider the items specified in the requisition notice of the dissident shareholders that would allow them to gain control of the Corporation’s Board of Directors. These items include the removal of four (4) current directors and the election of three (3) new directors proposed by the dissident shareholders. The group of dissident shareholders is effectively seeking outright control of Zenyatta without having presented any direction for generating shareholder value and without having had the experience of running a public natural resources company.

APPOINTMENT AND REVOCATION OF PROXIES

Appointment of Proxies

A Shareholder who is unable to attend the Meeting in person is requested to complete and sign the enclosed form of green-coloured proxy and to deliver it to Capital Transfer Agency Inc.: (i) by mail or hand delivery to 390 Bay Street, Suite 920, Toronto, ON M5H 2Y2; or (ii) by facsimile at 416.350.5008. In order to be valid and acted upon at the Meeting, the form of proxy must be received no later than 9:00 a.m. (Toronto time) on May 9, 2018. Late

instruments of proxy may be accepted or rejected by the Chairman of the Meeting in his discretion and the Chairman is under no obligation to accept or reject any particular, late instruments of proxy.

If you are a beneficial holder of Common Shares and have received these materials through your broker, custodian, nominee or other intermediary, please complete and return the form of proxy or voting instruction form provided to you by your broker, custodian, nominee or other intermediary in accordance with the instructions provided therein.

The document appointing a proxy must be in writing and executed by the Shareholders or his attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed form of proxy are officers of the Corporation. A Shareholder submitting a form of proxy has the right to appoint a person (who need not be a Shareholder) to represent him or her at the Meeting other than the persons designated in the form of proxy furnished by the Corporation. To exercise that right, the name of the Shareholder's appointee should be legibly printed in the blank space provided. In addition, the Shareholder should notify the appointee of the appointment, obtain his or her consent to act as appointee and instruct the appointee on how the Shareholder's Common Shares are to be voted. Shareholders who are not registered shareholders should refer to "*Notice to Beneficial Holders of Common Shares*" below.

Revocation of Proxy

A Shareholder who has submitted a form of proxy as directed hereunder may revoke it at any time prior to the exercise thereof. If a person who has given a proxy personally attends the Meeting at which that proxy is to be voted, that person may revoke the proxy and vote in person. In addition to the revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or his attorney or authorized agent and deposited with Capital Transfer Agency Inc. at any time up to 9:00 a.m. (Toronto time) on May 9, 2018: (i) by mail or by hand delivery to 390 Bay Street, Suite 920, Toronto, ON M5H 2Y2; or, (ii) by facsimile to 416.350.5008, or deposited with the Secretary of the Corporation before the commencement of the Meeting, or any adjournment thereof, and upon either of those deposits, the proxy will be revoked.

Notice to Beneficial Holders of Common Shares

The information set out in this section is of importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of shares can be recognized and acted upon at the Meeting or any adjournment(s) thereof. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name in the records of the Corporation. Those Common Shares will most likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their nominees can be voted (for or against resolutions or withheld from voting) only upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting shares for their clients. Subject to the following discussion in relation to NOBOs (as defined herein), the Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co., a broker or another nominee, are held.

There are two categories of Beneficial Shareholders under applicable securities regulations for purposes of dissemination to Beneficial Shareholders of proxy-related materials and other security holder materials and requests for voting instructions from such Beneficial Shareholders. Non-objecting beneficial owners ("**NOBOs**") are Beneficial Shareholders who have advised their intermediary (such as brokers or other nominees) that they do not object to their intermediary disclosing ownership information to the Corporation, consisting of their name, address, e-mail address, securities holdings and preferred language of communication. Canadian Securities Laws restricts the use of that information to matters strictly relating to the affairs of the Corporation. Objecting beneficial owners ("**OBOs**") are Beneficial Shareholders who have advised their intermediary that they object to their intermediary disclosing such ownership information to the Corporation.

In accordance with the requirements of NI 54-101, the Corporation has elected to send the proxy-related materials for use in connection with the Meeting (the “**Meeting Materials**”) directly to the NOBOs. The Corporation will not be mailing the Meeting Materials to the OBOs. The Corporation does not intend to pay for intermediaries to forward the Meeting Materials to OBOs, and an OBO will not receive the Meeting Materials unless the OBO’s intermediary assumes the cost of delivery.

Applicable securities regulations require intermediaries, on receipt of Meeting Materials that seek voting instructions from Beneficial Shareholders indirectly, to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings on Form 54-101F7. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting or any adjournment(s) thereof. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered shareholders; however, its purpose is limited to instructing the registered shareholder how to vote on behalf of the Beneficial Shareholder. Beneficial Shareholders who wish to appear in person and vote at the Meeting should be appointed as their own representatives at the Meeting in accordance with the directions of their intermediaries and Form 54-101F7. Beneficial Shareholders can also write the name of someone else whom they wish to appoint to attend the Meeting and vote on their behalf. Unless prohibited by law, the person whose name is written in the space provided in Form 54-101F7 will have full authority to present matters to the Meeting and vote on all matters that are presented at the Meeting, even if those matters are not set out in Form 54-101F7 or this Circular. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically mails a voting instruction form in lieu of a form of proxy. Beneficial Shareholders are requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, Beneficial Shareholders can call a toll-free telephone number to vote the shares held by them or access Broadridge’s dedicated voting website to deliver their voting instructions. Broadridge will then provide aggregate voting instructions to the Corporation’s transfer agent and registrar, which will tabulate the results and provide appropriate instructions respecting the voting of Common Shares to be represented at the Meeting or any adjournment thereof.

All references to Shareholders in this Circular, instrument of proxy and Notice of Meeting are to registered Shareholders unless specifically stated otherwise.

Voting

Common Shares represented by any properly executed proxy in the accompanying form will be voted for or against, or withheld from voting, as the case may be, on any ballot that may be called for in accordance with the instructions given by the Shareholder. In the absence of such direction, such Common Shares will be voted as recommended by the Board of Directors.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the applicable notice of meeting and with respect to other matters which may properly come before the Meeting. At the time of printing of this Circular, management of the Corporation does not know of any such amendments, variations or other matters to come before the Meetings. However, if any other matters that are not now known to management should properly come before the Meetings, the form of proxy will be voted on such matters in accordance with the best judgment of the named proxies.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as disclosed herein, no director or executive officer of the Corporation who has held such position at any time since the beginning of the Corporation’s last financial year, each proposed nominee for election as a director of the Corporation, and associates or affiliates of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matters to be acted upon at the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized share capital of the Corporation consists of an unlimited number of Common Shares without par value. As at the date hereof, there are 63,597,361 Common Shares issued and outstanding.

Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting. The record date for the determination of Shareholders entitled to receive notice of the Meeting has been fixed at April 5, 2018 (the “**Record Date**”). All such holders of record of Common Shares on the Record Date are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy shall have been delivered to the Corporation’s transfer agent, Capital Transfer Agency Inc., within the time specified in the Notice, to attend and to vote thereat by proxy the Common Shares held by them.

To the knowledge of the directors and executive officers of the Corporation, as of the date hereof, no person or company beneficially owns, controls or directs, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to all outstanding Common Shares of the Corporation.

ELECTION OF DIRECTORS

The requisitioning shareholders are asking Zenyatta shareholders to vote to remove four current directors (Keith Morrison, Aubrey Eveleigh, Barry Allan and Sean Whiteford) and to replace them with three nominees of the requisitioning shareholders (Dr. Francis Dube, Eric Wallman and Brian Bosse). Replacing the existing directors would represent the loss of over 100 years of experience in the natural resources and business analyst industries and it would represent considerable risk to the development of the Corporation.

The dissidents’ three director nominees have no apparent experience operating a natural resources company like Zenyatta. They have articulated no strategy for building shareholder value or developing the Corporation and have no history operating a public mining company. Provided below is biographic information on nominees proposed by the dissident shareholders:

Compensation Committee

The compensation committee of the Board ("**Compensation Committee**") is currently comprised of three directors, namely Sean Whiteford (Chairman), Brian Davey and Keith Morrison, all of whom are independent within the meaning of Canadian Securities Administrator's National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**").

The Compensation Committee's purpose is, among other things, to: (i) review and make recommendations to the Board at least annually regarding the Corporation's remuneration and compensation policies, including short and long-term incentive compensation plans and equity-based plans, bonus plans, pension plans (if any), executive stock option plans (including the Corporation's incentive stock option plan) and grants, and benefit plans; (ii) have the sole authority to retain and terminate any compensation consultant to assist in the evaluation of director compensation, including sole authority to approve fees and other terms of the retention; (iii) review and approve at least annually all compensation arrangements with the senior executives of the Corporation; (iv) review and approve at least annually all compensation arrangements with the directors of the Corporation; and (v) review the executive compensation sections disclosed in the Corporation's management proxy circular distributed to the Shareholders in respect of the Corporations annual meetings of Shareholders.

Compensation Process

The Board relies on the knowledge and experience of the directors thereon and the members of the Compensation Committee to set appropriate levels of compensation for senior officers. Neither the Corporation nor the Board, nor the Compensation Committee currently has any contractual arrangement with any executive compensation consultant who has a role in determining or recommending the amount or form of senior officer compensation.

The Compensation Committee reviews the various elements of the NEOs' compensation in the context of the total compensation package (including salary, consulting fees and prior awards under the Corporation's stock option plan) and recommends to the Board the NEOs' compensation packages. The Compensation Committee's recommendations regarding NEO compensation are presented to the independent members of the Board for their consideration and approval.

Principles/Objectives of the Compensation Program

The primary goal of the Corporation's executive compensation program is to attract, motivate and retain top quality individuals at the executive level. The program is designed to ensure that the compensation provided to the Corporation's senior officers is determined with regard to the Corporation's business strategy and objectives and financial resources, and with the view of aligning the financial interests of the senior officers with the financial interests of the shareholders of the Corporation.

Compensation Program Design and Analysis of Compensation Decisions

Standard compensation arrangements for the Corporation's senior officers are composed of the following elements, which are linked to the Corporation's compensation and corporate objectives as follows:

Compensation Element	Link to Compensation Objectives	Link to Corporate Objectives
Base Salary and/or Consulting Fees	Attract and Retain	Competitive pay ensures access to skilled employees necessary to achieve corporate objectives.
Stock Options	Motivate and Reward Align interests with shareholders	Long-term incentives motivate and reward senior officers to increase shareholder value by the achievement of long-term corporate strategies and objectives.

Performance and Compensation

The Corporation is an exploration stage mining company and does not expect to be generating revenues from operations in the foreseeable future. As a result, the use of traditional performance standards such as corporate profitability is not considered by the Board or Compensation Committee to be appropriate in the evaluation of corporate or NEO performance. The compensation of senior officers is based, in part, on trends in the mineral exploration industry as well as achievement of the Corporation's business plans. The Board did not establish any quantifiable criteria during the Last Financial Year with respect to base compensation payable or the amount of equity compensation granted to NEOs and did not benchmark against a peer group of companies.

Base Salaries and Consulting Fees

The Corporation provides senior officers with base salaries or consulting fees which represent their minimum compensation for services rendered, or expected to be rendered. NEOs' base compensation depends on the scope of their experience, responsibilities, leadership skills, performance, length of service, generally industry trends and practices competitiveness, and the Corporation's existing financial resources. Base salaries are reviewed annually by the Compensation Committee.

Stock Options

The grant of options pursuant to the Corporation's stock option plan is an integral component of the compensation arrangements of the senior officers of the Corporation. The Board believes that the grant of options to senior officers and common share ownership by such officers serves to motivate such officers to strive towards achievement of the Corporation's long-term strategic objectives, which will benefit all shareholders of the Corporation. Options are awarded to employees of the Corporation by the Board, based on the recommendations of the Compensation Committee. Decisions with respect to options granted are based upon the individual's level of responsibility and their contribution towards the Corporation's goals and objectives, and additionally may be awarded in recognition of the achievement of a particular goal or extraordinary service. The Board considers the overall number of options that are outstanding relative to the number of outstanding Common Shares in determining whether to make any new grants of options and the size of such grants. During the Last Financial Year, based on the foregoing factors, the Board granted an aggregate of 1,240,000 stock options to purchase Common Shares.

Compensation Risk Considerations

The Compensation Committee is responsible for considering, establishing and reviewing executive compensation programs, and whether the programs encourage unnecessary or excessive risk taking. The Corporation believes the programs are balanced and do not motivate unnecessary or excessive risk taking. The Corporation does not currently have a policy that restricts directors or NEOs from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity. However, to the knowledge of the Corporation, as of the date of hereof, no director or NEO of the Corporation has participated in the purchase of such financial instruments.

Base salaries are fixed in amount thus do not encourage risk taking. While annual incentive awards focus on the achievement of short term or annual goals and short-term goals may encourage the taking of short-term risks at the expense of long term results, the Corporation's annual incentive award program represents a small percentage of employee's compensation opportunities. Annual incentive awards are based on various personal and company-wide achievements. Such performance goals are subjective and include achieving individual and/or corporate targets and objectives, as well as general performance in day-to-day corporate activities which would trigger the award of a bonus payment to the NEO. The determination as to whether a target has been met is ultimately made by the Board (after receiving recommendations of the Compensation Committee) and the Board reserves the right to make positive or negative adjustments to any bonus payment if they consider them to be appropriate. Funding of the annual incentive awards is capped at the Corporation level and the distribution of funds to the executive officers is at the discretion of the Compensation Committee. Stock option awards are important to further align employees' interests with those of the Shareholders. The ultimate value of the awards is tied to the Corporation's stock price and since awards are staggered and subject to long-term vesting schedules, they help ensure that NEOs have significant value tied in long-term stock price performance.

Notes:

- (1) The Corporation selected the Black-Scholes model to determine the value of the options given its prevalence of use within North America. This is consistent with the accounting values used in the Corporation's financial statements.
- (2) On August 31, 2015, the Corporation granted 950,000 stock options to a number of directors, officers and consultants with an exercise price of \$1.46 and an expiry date of August 31, 2020, of which Aubrey Eveleigh received 300,000 options and of which Peter Wood received 100,000 options. The fair value of these options at the date of grant was estimated using the Black-Scholes valuation model with the following assumptions: a five-year expected term; expected volatility of 114.5%; risk-free interest rate of 0.39% per annum; and a dividend rate of 0%. The fair value assigned to each option on the grant date was \$1.17. The vesting period for these options is as follows: (i) 33% at August 31, 2015; (ii) 33% at February 28, 2016; and (iii) 34% at August 31, 2016.
- (3) Vacation pay, representing 10% of Mr. Eveleigh's salary for the financial years ended March 31, 2017 and 2016, and 7.5% of Mr. Eveleigh's salary for the financial year ended March 31, 2018.
- (4) Represents consulting fees of \$173,876 plus \$56,823 in foreign exchange costs for the fiscal period on account of Mr. Chahar being paid

in United States dollars.

- (5) On July 5, 2016, the Corporation granted 1,700,000 stock options to a number of directors, officers and consultants with an exercise price of \$0.72 and an expiry date of July 5, 2021, of which Mr. Eveleigh received 500,000 options, Mr. Mustapic 50,000 options, Mr. Wood 100,000 options, and Mr. Chahar 200,000 options. The fair value of these options was estimated on the grant date using the Black-Scholes option pricing model with the following assumptions: expected dividend yield of 0%; expected volatility of 107%; expected forfeiture rate of 0%; risk-free interest rate of 0.58%; and expected life of 5 years. The vesting period for these options is as follows: 1/3 at July 5, 2016; 1/3 at January 5, 2017; 1/3 at July 5, 2017.

Termination and Change of Control Benefits

Employment Agreements

Other than as described below, there are no agreements, compensation plans, contracts or arrangements whereby a NEO is entitled to receive payments from the Corporation in the event of the resignation, retirement or other termination of the NEO's employment with the Corporation, change of control of the Corporation or a change in the NEO's responsibilities following a change in control.

Aubrey Eveleigh

Pursuant to the executive employment agreement between the Corporation and Aubrey Eveleigh dated August 1, 2010, in the event of (i) a Change of Control (as defined below); or (ii) in the event that Mr. Eveleigh's employment is terminated by the Corporation other than for cause, the Corporation shall pay Mr. Eveleigh within 10 business days following the date of employment termination a lump sum in the amount equal to the greater of 24 months of salary or six months of salary for each year or partial year of service, the term "salary" including the per annum salary in effect at the time of such termination, and any bonus paid in the year of or year prior to the year in which the employment is terminated. In the event of a Change of Control, following the receipt by the Corporation of written notice from Mr. Eveleigh, the Corporation shall pay the above amount for a 12 month period following the date of the Change of Control or, at the Corporation's option, a lump sum amount equal to the aggregate amount that Mr. Eveleigh would have received during such period.

Change of Control Provisions

A "Change of Control" is defined in Mr. Eveleigh's employment agreement with the Corporation as any of the following events: (a) the purchase or acquisition of Common Shares and/or securities (the "Convertible Securities") convertible into Common Shares of Corporation or carrying rights to acquire Common Shares as a result of which a person, group of persons or persons acting jointly or in concert (collectively, the "Holders") beneficially own or exercise control or direction over the Common Shares and/or Convertible Securities such that, assuming only the conversion of the Convertible Securities beneficially owned by the Holders, entitle them to cast more than fifty percent (50%) of the votes attaching to all of the Common Shares which may be cast at a meeting of Shareholders to elect directors; or (b) approval by the Shareholders of (i) an amalgamation, arrangement, merger or other combination of the Corporation with another corporation(s) pursuant to which the Shareholders will not immediately thereafter own shares of the successor or continuing corporation entitling them to cast more than fifty percent (50%) of the votes attaching to all of the common shares in the capital of the successor or continuing corporation which may be cast at a meeting of shareholders to elect directors of that corporation, or (ii) a sale of all or substantially all of the assets of the Corporation.

Estimated Incremental Payment on Change of Control or Termination

The following table summarizes the estimated incremental payments that would be provided by the Corporation to Mr. Eveleigh, following, or in connection with one of the termination scenarios below. The actual amount Mr. Eveleigh would receive on a termination of employment can only be determined at that time as it will depend on a number of variables, including the Common Share price. The amounts noted below assume that the termination event took place on March 31, 2018.

Name	Triggering Event	Base Salary/Total Cost Remuneration Package (\$)	Bonus (\$)	Options (\$)⁽¹⁾	Other Benefits (\$)	Total (\$)
Aubrey Eveleigh	Change of Control Termination without Cause	900,000	Nil	0	Nil	900,000

Note:

- (1) This amount represents the value of the outstanding options on March 31, 2018, which would vest on that date, valued by multiplying (a) the difference between \$0.68 (the closing price of the Common Shares on the TSX Venture Exchange on March 29, 2018) and the options' exercise prices, by (b) the number of options whose restrictions lapsed because of the termination and using the March 29, 2018 closing price.

Director Compensation

The Board determines the level of compensation for directors based on recommendations from the Compensation Committee. The Board reviews directors' compensation as needed, taking into account time commitment, risks and responsibilities to ensure that the amount of compensation adequately reflects the responsibilities and risks of being a director and makes adjustments as deemed necessary.

As of the date hereof, the Board has not adopted a cash compensation program for its directors with respect to general director's duties, meeting attendance, or for additional service on Board committees. However, directors are reimbursed for all reasonable out-of-pocket expenses incurred in attending Board, committee or shareholder meetings and otherwise incurred in carrying out their duties as directors of the Corporation.

Directors may receive option grants as determined by the Board pursuant to the Plan. The exercise price of such options is determined by the Board, but shall in no event be less than the market price of the Common Shares at the time of the grant of the options.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Stock Option Plan

The Corporation adopted an incentive stock option plan dated August 1, 2010 (the “**Plan**”), and the Plan is the Corporation’s only equity compensation plan. As of the date of this Circular, the Corporation has 5,135,000 options outstanding to purchase Common Shares.

The Plan is a rolling stock option plan, under which 10% of the outstanding Common Shares at any given time are available for issuance thereunder. The purpose of the Plan is to advance the interests of the Corporation by (i) providing certain employees, officers, directors or consultants of the Corporation (collectively, the “**Optionees**”) with additional performance incentives; (ii) encouraging Common Share ownership by the Optionees; (iii) increasing the proprietary interest of the Optionees in the success of the Corporation; (iv) encouraging the Optionees to remain with the Corporation; and (v) attracting new employees, officers, directors and consultants to the Corporation.

The following information is intended to be a brief description and summary of the material features of the Plan.

- (a) The aggregate maximum number of Common Shares available for issuance from treasury under the Plan and all of the Corporation’s other security based compensation arrangements at any given time is 10% of the outstanding Common Shares as at the date of grant of an option under the Plan, subject to adjustment or increase of such number pursuant to the terms of the Plan. Any Common Shares subject to an option which has been granted under the Plan and which has been cancelled, repurchased, expired or terminated in accordance with the terms of the Plan without having been exercised will again be available under the Plan.
- (b) The exercise price of an option shall be determined by the Board at the time each option is

granted, provided that such price shall not be less than (i) if the Common Shares are listed on the TSX Venture Exchange (“**TSX-V**”), the last closing price of the Common Shares on the TSX-V; or (ii) if the Common Shares are not listed on the TSX-V, in accordance with the rules of the stock exchange on which the Common Shares are listed at the time of the grant; or (iii) if the Common Shares are not listed on any stock exchange, the minimum exercise price as determined by the Board.

- (c) The aggregate number of Common Shares reserved for issuance pursuant to options granted to insiders of the Corporation at any given time, or within a 12 month period, shall not exceed 10% of the total number of Common Shares then outstanding, unless disinterested shareholder approval is obtained. The aggregate number of Common Shares reserved for issuance pursuant to options granted to any one person or entity within any 12 month period shall not exceed 5% of the total number of the Common Shares then outstanding unless disinterested shareholder approval is obtained.
- (d) The Board may determine when any option will become exercisable and may determine that the option will be exercisable immediately upon the date of grant, or in instalments or pursuant to a vesting schedule. However, unless the Board determines otherwise, options issued pursuant to the Plan are generally subject to a vesting schedule as follows: (i) 1/3 upon the date of grant; (ii) 1/3 upon the first anniversary of the date of grant; and (iii) 1/3 upon the second anniversary of the date of grant.
- (e) In the event an Optionee ceases to be eligible for the grant of options under the Plan, options previously granted to such person will cease to be exercisable within a period of 90 days after the date such person ceases to be eligible under the Plan, or such longer or shorter period as determined by the Board, provided that no option shall remain outstanding for any period which exceeds the earlier of: (i) the expiry date of such option; and (ii) 12 months following the date such person ceases to be eligible under the Plan.
- (f) In the event of a change of control (as defined in the Plan), all options outstanding shall be immediately exercisable.

STATEMENT OF CORPORATE GOVERNANCE

Board of Directors

The Board and senior management consider good corporate governance to be central to the effective and efficient operation of the Corporation. The Board is committed to a high standard of corporate governance practices. The Board believes that this commitment is not only in the best interest of the Shareholders, but that it also promotes effective decision making at the Board level.

NI 58-101 defines an “independent director” as a director who has no direct or indirect “material relationship” with the issuer. A “material relationship” is as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member’s independent judgment. The Board maintains the exercise of independent supervision over management by ensuring that the majority of its directors are independent.

The Board is currently comprised of six (6) directors being Aubrey Eveleigh, Brian Davey, Barry Allan, Keith Morrison, Brett Richards and Sean Whiteford. Messrs. Davey, Allan, Morrison, Richards and Whiteford are independent within the meaning of NI 58-101. Mr. Eveleigh is not independent as he is an officer of the Corporation and thereby has a “material relationship” with the Corporation.

The Board believes that it functions independently of management and reviews its procedures on an ongoing basis to ensure that it is functioning independently of management. The Board meets without management present, as circumstances require. When conflicts arise, interested parties are precluded from voting on matters in which they may have an interest. In light of the suggestions contained in National Policy 58-201 – *Corporate Governance Guidelines*, the Board convenes meetings, as deemed necessary, of the independent directors, at which non-independent directors and members of management are not in attendance.

Other Public Company Directorships

Certain of the Corporation’s current directors are also directors of other reporting issuers (or equivalent) in a jurisdiction or a foreign jurisdiction as follows:

Name	Name of Other Reporting Issuer	Name of Trading Market	Position held with Other Reporting Issuer
Keith Morrison	North American Nickel Inc.	TSX Venture, OTCBB	Director and Senior Officer
Brett Richards	Midnight Sun Mining Corp.	TSX Venture	Senior Officer

Orientation and Continuing Education of Board Members

The Board, together with the Corporate Governance and Nominating Committee (the “**Nominating Committee**”) is responsible for providing a comprehensive orientation and education program for new directors which fully sets out:

- the role of the Board and its committees;
- the nature and operation of the business of the Corporation; and
- the contribution which individual directors are expected to make to the Board in terms of both time and resource commitments.

In addition, the Board, together with the Nominating Committee, is also responsible for providing continuing education opportunities to existing directors so that individual directors can maintain and enhance their abilities and ensure that their knowledge of the business of the Corporation remains current.

Ethical Business Conduct

The Board has adopted a written code of business conduct and ethics to encourage and promote a culture of ethical business conduct amongst the directors, officers and employees of the Corporation. Copies of the Code of Conduct are available upon written request from the Chief Executive Officer of the Corporation. The Board is responsible for ensuring compliance with the Corporation's Code of Conduct. The Code of Conduct was adopted during the 2017 financial year, and there have been no departures from the Corporation's Code of Conduct since its adoption.

In addition to those matters which, by law, must be approved by the Board, the approval of the Board is required for:

- the Corporation's annual business plan and budget;
- material transactions not in the ordinary course of business; and
- transactions which are outside of the Corporation's existing business.

To ensure the directors exercise independent judgment in considering transactions and agreements in which a director or officer has a material interest, all such matters are considered and approved by the independent directors. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke such a conflict.

The Corporation believes that it has adopted corporate governance procedures and policies which encourage ethical behaviour by the Corporation's directors, officers and employees.

Nomination of Directors

The Nominating Committee holds the responsibility for the appointment and assessment of directors.

The Nominating Committee seeks to achieve a balance of knowledge, experience and capability among the members of the Board. When considering candidates for director, the Nominating Committee takes into account a number of factors, including the following (although candidates need not possess all of the following characteristics and not all factors are weighted equally):

- Personal qualities and characteristics, accomplishments and reputation in the business community;
- Current knowledge and contacts in the countries and/or communities in which the Corporation does business and in the Corporation's industry sectors or other industries relevant to the Corporation's business; and
- Ability and willingness to commit adequate time to Board and committee matters, and be responsive to the needs of the Corporation.

The Board will periodically assess the appropriate number of directors on the Board and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, or the size of the Board is expanded, the Nominating Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating Committee through current directors or management, stockholders or other persons. These candidates will be evaluated at regular or special meeting of the Nominating Committee, and may be considered at any point during the year.

Compensation

The Compensation Committee assists the Board in its oversight role with respect to (i) the Corporation's global human resource strategy, policies and programs, and (ii) all matters relating to the proper utilization of human resources within the Corporation, with special focus on management succession, development and compensation.

The Compensation Committee:

- reviews and makes recommendations to the Board at least annually regarding the Corporation's remuneration and compensation policies, including short and long-term incentive compensation plans and equity-based plans, bonus plans, pension plans (if any), executive stock option plans including the Plan and grants and benefit plans;
- has sole authority to retain and terminate any compensation consultant to assist in the evaluation of director compensation, including sole authority to approve fees and other terms of the retention;
- reviews and approves at least annually all compensation arrangements with the senior executives of the Corporation;
- reviews and approves at least annually all compensation arrangements with the directors of the Corporation; and
- reviews the executive compensation sections disclosed in annual management proxy circular distributed to the shareholders in respect of the Corporation's annual meetings of shareholders.

Other Board Committees

The Board has no standing committees other than the Audit Committee, the Compensation Committee and the Nominating Committee.

Assessments

The Board does not consider formal assessments useful given the stage of the Corporation's business and operations. However, the chairman of the Board meets annually with each director individually, which facilitates a discussion of his contribution and that of other directors. When needed, time is set aside at a meeting of the Board for a discussion regarding the effectiveness of the Board and its committees. If appropriate, the Board then considers procedural or substantive changes to increase the effectiveness of the Board and its committees. On an informal basis, the chairman of the Board is also responsible for reporting to the Board on areas where improvements can be made. Any agreed upon improvements required to be made are implemented and overseen by the Nominating Committee. A more formal assessment process will be instituted as, if, and when the Board considers it to be necessary.

The Audit Committee (the “Committee”) is a committee of the board of directors (“the Board”) of Zenyatta Ventures Ltd. (the “Company”). Its primary functions shall be to assist the Board in fulfilling its oversight responsibilities with respect to financial reporting and disclosure requirements, the overall maintenance of the systems of internal controls that management have established, and overall responsibility for the Company’s external and internal audit processes.

The responsibilities of a member of the Committee shall be in addition to such member’s duties as a member of the Board.

The Committee has the duty to determine whether the Company’s financial disclosures are complete, accurate, are in accordance with international financial reporting standards and fairly present the financial position and risks of the organization. The Committee should, where it deems appropriate, resolve disagreements, if any, between management and the external auditor, and review compliance with laws and regulations and the Company’s own policies.

The Committee shall meet no less than four times per year or more frequently if circumstances or the obligations require.

DUTIES AND RESPONSIBILITIES

The duties and responsibilities of the Committee shall be as follows:

- A. Financial Reporting and Disclosure**
- i. Review and discuss with management and the external auditor at the completion of the annual examination:
 - a. the Company's audited financial statements and related notes;
 - b. the external auditor's audit of the financial statements and their report thereon;

- iv. Review and discuss with management any guidance being provided to shareholders on the expected future results and financial performance of the Company and provide their recommendations on such documents to the Board.
- v. Inquire of the auditors the quality and acceptability of the Company's accounting principles, including the clarity of financial disclosure and the degree of conservatism or aggressiveness of the accounting policies and estimates.

- vi. Meet independently with the external auditor and management in separate executive sessions, as necessary or appropriate.
- vii. Ensure that management has the proper systems in place so that the Company's financial statements, financial reports and other financial information satisfy legal and regulatory requirements. Based upon discussions with the external auditor and the financial statement review, if deemed appropriate, recommend to the Board the filing of the audited annual and unaudited quarterly financial statements.
- viii. Oversee and enforce the Company's public disclosure practices.

EXTERNAL AUDITOR

- i. Consider, in consultation with the external auditor, the audit scope and plan of the external auditor.
- ii. Recommend to the Board the external auditor to be nominated and review the performance of the external auditor, including its lead partner.
- iii. Confirm with the external auditor and receive written confirmation at least once per year as to disclosure of any investigations or government enquiries, reviews or investigations of the outside auditor.

INTERNAL CONTROLS AND AUDIT

- i. Review and assess the adequacy and effectiveness of the Company's systems of internal and management information systems through discussion with management and the external auditor to ensure that the Company maintains appropriate systems and is able to assess the pertinent risks of the Company, and to further ensure that the risk of a material misstatement in the financial disclosures can be detected.
- ii. Assess the requirement for the appointment of an internal auditor for the Company.
- iii. Inquire of management and the external auditor about the systems of internal controls that management and the Board have established and the effectiveness of those systems. In addition,

inquire of management and the external auditor about significant financial risks or exposures and the steps management has taken to minimize such risks to the Company.

OVERSIGHT FUNCTION

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate or are in accordance with IFRS and applicable rules and regulations. These are the responsibilities of management and the external auditors. The Committee, the Chair, and any members identified as having accounting or related financial expertise, are members of the Board appointed to the Committee to provide broad oversight of the financial, risk and control related activities of the Company, and are specifically not accountable or responsible for the day to day operation or performance of such activities. Although the designation of a member as having accounting or related financial expertise for disclosure purposes is based on that individual's education and experience, which that individual will bring to bear in carrying out his or her duties on the Committee, such designation does not impose on such person any duties, obligations or liability that are greater than the duties, obligations and liability imposed on such person as a member of the Committee and the Board in the absence of such designation. Rather, the role of a Committee member who is identified as having accounting or related financial expertise, like the role of all members, is to oversee the process, not to certify or guarantee the internal or external audit of the Company's financial information or public disclosure.

CHARTER REVIEW

The Committee will annually review and reassess the adequacy of this policy and submit any recommended changes to the Board for approval.

ADOPTION

This Policy was adopted by the Board on August 1, 2010, and reaffirmed as amended May 31, 2017.
